DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 4, 5, 7, 21, 23 and 24 are rejected under 35 U.S.C. 102(b) as being anticipated by Fenton (US 5,785,341).

Fenton discloses a dampener connected to a pick up truck, 22, and a fifth-wheel trailer, 24, having an engaged position applying a dampening force to the fifth-wheel trailer (Figure 5) and a disengaged position in which the dampening force is not substantially applied to the fifth-wheel trailer (Figure 4); and a regulator for commanding the dampener between the engaged and disengaged positions (column 5, lines 50-54 discuss how the pressure setting varies - i.e., permits the dampener, 36, to vary based on the load, the air spring, 36, itself and the desired ride characteristics and column 9, lines 10-20 discusses that the setting for varying the pressure may be controlled from the dash board to control valve, 126); a substantially four-bar linkage extending between the pick up truck and the trailer (linkage comprises 38, 78, 72 and 56).

Allowable Subject Matter

Claims 2, 3 and 25-32 are allowed.

Claims 6, 8-20 and 22 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

Applicant's arguments with respect to claims 1, 4 and 5 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
